Cloths

Colour Coding System for Hygiene

The aim of a product colour coding system is to help prevent cross contamination during the cleaning process. It is vital that a system forms part of an employee training programme and day-to-day working routine. The colour coding of cleaning products is a simple but important step that will make a large contribution to hygiene standards and help with the elimination of cross infection. A proper colour coding system is also recommended for use by the HSE.

Key

- General food and bar use
- General low risk areas
- Sanitary fittings & washroom floors
- Wash basins & washroom surfaces

Folded Wipers

WypAll* Dispenser

The essential dispenser for folded wipers for any business. This dispenser promotes hygiene and helps to control costs through controlled dispensing. The sleek and contemporary design makes it the perfect product for any environment. The dispenser is made with rounded edges and is easy to clean with just one cloth or wiper. The rounded top prevents an accumulation of rubbish, dust and dirt. Features a window, so you can see when a refill is needed.

Microfibre Flat Mopping Systems

Bucketless Mopping System

No bucket, less water, no spills, no trips! For 'spot cleaning.' Fantastic and easy to use on non-slip or wooden floors. Velcro microfibre mops are easy to remove and are washable. Use the scrub mop or fastnet sponge for more abrasive cleaning. The multi angled holder makes hardtop-reach areas easy to clean.

Combine with the Ergo Globe Handle with rotating 'ergo ball' which supports the wrist whilst mopping to reduce strain.

Bucketless Mopping System

Code	Type	Pack Size
55522	Frame Only	1 x 10
10965	Head	1 x 10
66342	Handle	Each

Microspeedy Mopping System

A complete flat mopping system with a superb professional quality folding 'break-frame' that's impact resistant and highly durable. Designed for use with 40cm flat mop heads with easy to use 'eyelet and flap' fittings, combined with aluminium handles and 20ltr King Speedy mopping combo bucket.

55917	Fringed Head	Each
70137	No Fringed Head	Each

Magnetic Stream Mop System

Double sided moping system – no more area cleaned with one mop saving time, reducing laundry costs and halving stock. Features a unique magnetic mop head allowing the mop to be changed without the user touching the dirty head. Simply fill the internal reservoir and trigger the spray jets to wet the floor and mop. Once dirty, turn the mop head over and continue cleaning.

Kit contains Handle, frame, 1x Scrub Mop and 1x Drying Mop.

Bambino Cleano Kit

Hand-held bucket-free indoor window cleaning system. The revolution in indoor surface cleaning... for sparkling, hygienic, bug-free windows! Surfaces are left brighter, fresher and hygienic with no residual particles or surface smears. The Bambino Cleano is an entirely mechanical tool using no batteries or electrical connection. Its unique integral pump system and easily cleaned nozzle deliver fluid straight on to the surface which can then be cleaned using the detachable microfibre head. The Viton internal gaskets protect the pump system and allow a cleaning solution to be mixed with water prior to use.

Bambino Cleano

Mini Ultraspeed

Ultraspeed Mini Starter Kit

Traditional small area cleaning systems such as socket mops and floor cloths are limited in their usage areas. UltraSpeed Minis 34cm flat mop frame allows you to perform many more cleaning tasks including: walls, tiling, safety floors (with SafeMop) etc. Created specifically to fulfil the requirements of all small area cleaning (10-30m²), UltraSpeed Mini is the first to combine a compact 10 litre bucket with a flat mop system. The compact size makes it ideal for small area cleaning in numerous sites. Requires handle 66749 (not included).

ServoClean SCG1415 Trolley

The SCG1415 is exceptionally compact yet has the added advantage of additional storage capacity for all those essential cleaning materials and provision for a pair of 6-litre red and blue pails supplied.

The standard specification is based on a steel-reinforced Structofoam base unit and is equipped with our universal 120-litre single or 70-litre twin dual waste unit and a pair of convenient 6-litre red and blue handled pails.

101355

ServoClean SCG1705 Trolley

The complete structure is based on our full Structofoam chassis, 100mm heavy duty castors and rotating corner protectors, a tubular epoxy-coated steel superstructure, deep and generous adjustable tray units, 4 x 5-litre top pails (2 x 10-litre pails optional) and universal dual waste system providing a choice of either single 120-litre or twin 70-litre waste disposal. The waste system is easily folded for compact storage.

ServoClean Allmops Vertical Press SGA2 Kit

Available for the above trolleys. Includes an Allmops vertical press, a 22L blue handled bucket and 22L red handled bucket.

101553

ServoClean Speedclean Wide Press SGA3 Kit

Available for the above trolleys. Includes a wide 22L red dirty water and rinse handled bucket, a matching 15L blue clean water handled bucket and a SpeedClean wide press, equally effective with either loop or microfibre mops.

Carousel NC4G Trolley

The full colour-coded cleaning mobile that really does allow "full" control of the cleaning programme in all applications.

Hotels, for example - bedrooms one colour, bathrooms another colour, WCs yet another... a place for everything and everything in its place. Two large and two small twin compartment caddies all together but all easily detachable as required. No system could be simpler or more versatile than the Carousel.

Carousel NCG1 Swingtop

Strong structofoam construction, 3" non-marking castors, 14L dolly bucket, 70L waste bin, 4L caddy. Twist mop & handle not included.

101558

101556

XCG3 Xtra Compact

Where mopping facilities are not required, this compact trolley provides maximum storage capacity - allowing for the efficient servicing of offices and other accommodations.

The construction is based on our uniquely strong Structofoam chassis fitted with non-marking 75mm (3") castors, protective buffers, Nutex epoxy coated superstructure, two full size deep tray units and a pair of 10-litre colour-coded pails.

Twinmop TM2815WG

The Twinmop 2815WG has all the advanced features of the standard model but with the addition of an onboard, lidded, 30-litre waste system, full size top caddy and one 4-litre pail... here you have a full, super compact, total cleaning system.

Damp Mopping Quick Response

A quick response cleaning trolley designed for use with microfibre damp mopping. This chassis comes complete with a 25 litre mopping bucket and a SPEEDY wringer, for use with the microfibre speedy mop and frame. The trolley features two 4 litre buckets holders, and a sack holder at the rear. Damp mopping means less water and faster drying floors.

12464

Jolly Trolley

This compact cleaning cart is both space efficient and versatile. Designed to accommodate common cleaning items and waste collection. Ideal for use in confined areas with limited storage space. Complete with bag.

91000

Structocart

A superb all-in-one mobile trolley for professional cleaners. The easily manoeuvrable all plastic Structocart trolley has 75mm (3") swivel castors at the front and 203mm (8") fixed wheels at the rear.

Complete with bag.
Bucket and lockable
safe sold separately.

56672

Multi-purpose service cart

Highly versatile, ideal for moving bulky items in retail stores, laundries, hotels, hospitals and waste management. Strong and durable tubular steel frame with tray support, quickly folds away for convenient space-saving storage.
